ABOUT REGISTRATION

THIS YEAR'S REGISTRATION PROCEDURE! Go to our website and use the fillable PDF registration form — no more writing on paper!

HOW TO REGISTER

IF AT ANY POINT YOU NEED HELP, call or drop by Larkspur Recreation.

① GET a Larkspur RecDesk ID# for yourself and each child registering:

- If new to Larkspur Recreation, CREATE A MEMBER PROFILE on Larkspur RecDesk (<https://larkspur.recdesk.com>). Once you create your profile, click the button "View Profile or Add Family Members" to see the RecDesk ID and/or add additional children. Make note of these numbers!
- If you already have ID numbers, please make note of them, as you will need them to register.

② FILL OUT a PDF registration form ONLINE.

Forms are available at <https://larkspur.recdesk.com/Community > Forms > SCSS Registration Form>

- Do not print and fill in by hand.
- ID Numbers MUST be put in the space provided.
- Use a separate form for each child.
- Fill out BOTH first and second class choices.

③ SAVE and/or PRINT COMPLETED FORM.

④ SUBMIT to Larkspur Recreation. Submit via:

- EMAIL to scssmarin@gmail.com (preferred), or
- MAIL or DROP-OFF IN PERSON: 240 Doherty Dr., Larkspur 94939.

A confirmation email will be sent upon receipt.

⑤ PAY THE INVOICE. Once we receive your form we will send you an invoice — PAY IN FULL WITH 24 HOURS. Once we receive payment we will put your form in line to be registered. **We will not process any form without payment.**

SPECIAL APPOINTMENTS: New to this program? Wondering if this program is a good fit for your child? This can be overwhelming with so many choices. Call Larkspur Recreation at (415) 927-6746 and make an appointment to come in and have a free guidance session with Erin Duggan, the SCSS Director. She can help you decide which classes might be best for your child.

HOW REGISTRATION WORKS

- **Process:** During PREFERRED REGISTRATION forms are processed by lot; they are placed in their lot in the order received. Lot order changes every year so that over four years, every child will get an opportunity to be scheduled first. For example, Johnny Smith may be in "Lot A" this year and be registered for classes first. Next year his lot would be registered second. The year after he would be registered third, and the year following registered fourth. If he is still with us the fifth year, his lot would be registered first again.
- **Class choice:** If your first choice isn't available, we will put you in one of your second choices. We may move the order of your classes to achieve this. If all your first and second choices are taken, we will put you in similar classes and call to get your okay before charging you. If you give us NO second choices we put your form aside, and the registration process STOPS for your child. *We register everyone else before you and call you at the end of the day after we register over 500 children.*
- **Requesting your child be in a class with another child:** We can ONLY accommodate this request if it is imperative that your child be placed with another child (such as with young twins, an IEP accommodation, or severe anxiety issues). In this case, submit the two children's registration forms together with a detailed explanation.
- **Schedule & Room Assignments:** A copy of your final registration form will be emailed back to you. Room numbers will have been added to this copy. Preferred Registration forms will be emailed back the week of April 22. All other forms should be emailed back within a week. If you do not receive notification promptly, call the Recreation Department ASAP.

HEALTH & SPECIAL CONDITIONS

- **Allergies or other conditions:** If your child has conditions that the teacher should know about (behavioral issues, learning disabilities, or severe allergies), attach a note to the registration form telling us how to address the issue so we can inform each teacher.
- **Vaccinations:** All children must have the county-required vaccinations.

REFUNDS

No refund will be given unless a class is cancelled. If your child does not like their classes, they can change into any other open classes (after June 4, we add a \$5 Change Fee). We do not refund you for any difference in fees.

WELCOME FROM THE DIRECTOR!

TO GET THE MOST OUT OF SUPER COOL SUMMER SCHOOL, please READ and CONSIDER before scheduling your child

LOOK AT WHAT WE HAVE!

Over 75 INCREDIBLE classes taught by professional, phenomenal instructors. All year I search for talented, passionate teachers at events all over the Bay Area. The prices, in most cases, are far less than what they would be elsewhere — this is Larkspur Recreation and the City of Larkspur's gift to you. We are giving your child an unequalled opportunity to EXPLORE new classes, EXPAND their interests, and DELVE DEEPER into their current passions.

★ PLEASE try new things. ★

We want you to take a chance so very badly that we have an amazing Class Change Policy (see p. 4).

SCHEDULE YOUR CHILD THIS WAY:

- TWO classes in your child's area of interest.
- ONE active class involving movement (outside games, sports, dance, etc.).
- ONE class — at least — that YOU pick. That way, they can try something they might never pick on their own, but that you think might become a budding passion. Most parents tell their children: "Every year I am going to pick a class that your family wants you to try. You may not love it, but it's only ONE period a day!"

Our goal for you and your child is to

★ EXPLORE ★ LEARN ★ GROW! ★

IMPORTANT DATES

- ★ **SESSION I:** June 17 – 28
- ★ **SESSION II:** July 1 – 12 (no class July 4)

REGISTRATION DEADLINES

READ ME! Frequently Asked Questions

★ HOW DO I SCHEDULE MY CHILD'S CLASSES?

CHECK the listings of "CLASSES BY THE HOUR" for both Sessions I and II on PAGES 20–23. NOTE that some classes are for specific ages. Be sure your child is registered for the correct grade level – the grade they will be entering in the fall. If you still have questions, call Larkspur Recreation at (415) 927-6746 during our special Summer School hours: **Monday through Thursday 10 AM–5 PM.**

★ WHY CAN'T WE JUST REGISTER ONLINE?

PLEASE READ "About Registration" on PAGE 2. When we do the scheduling, we ensure that each child gets a balanced schedule with all their first or second choices. For example, if your child's first choice of "Baking" is full in 1^o, we often can fit them into a different period or a similar class and rearrange their schedule so they still can have their first and second choices in all their classes. *We save you the trouble, delay, and headache of figuring this out!*

★ DO YOU HAVE CLASSES FOR 7TH & 8TH GRADERS?

YES! 8th graders may take any class listed for 7th graders (except football and soccer). We offer classes appropriate for 7th and some 8th graders, especially in the arts since the skills taught in these classes take a lifetime to master. Some students never tire of a certain subject matter and, with small classes, the teachers in many of those classes give a lot of individual coaching. Your older student should realize and accept that they will be in a class with younger children. If they don't have an issue with this, they are usually thrilled to be at SCSS.

★ CAN I CHANGE CLASSES?

YES! We hope you will be pleased with the classes, but if for any reason you wish to change the classes for which your child has been scheduled, please drop by the Larkspur Recreation office at the hours posted above. Changing classes CANNOT be done by phone or email. Please make your changes as soon as possible since classes fill quickly. Classes and spaces are often added after April 22, check back regarding more openings to your favorite classes. After June 4, there is a \$5 fee for each changed class.

★ WHEN DO I GET MY CHILD'S SCHEDULE?

PREFERRED REGISTRATION: You will receive an email receipt confirming your child's registration. Schedules will be emailed out the week of April 22. **EXTENDED REGISTRATION:** You will receive an email confirmation with 48 hours; your schedule will be emailed back to you within one week. *If you do not receive your schedule in a prompt fashion, contact us ASAP.*

Period 2	10:00 AM	- 10:55 AM
Quick lunch	10:55 AM	- 11:10 AM
Period 3	11:10 AM	- 12:05 PM
Period 4	12:10 PM	- 1:05 PM

★ IS THERE BEFORE- AND AFTER-CARE?

YES! There are TWO different affordable before-and after-care programs on site, see PAGE 5 (opposite page).

★ DO I NEED TO PACK A LUNCH?

YES! Please pack a lunch for quick lunch time (10:55–11:10 AM). Please NO NUTS: schools do not allow ANY NUTS in ANY FORM (trail mix, peanut butter, etc.) on campus! This is to keep children with nut allergies safe. A snack bar will be open during quick lunch time, with juice and snacks for sale (50¢ each).

★ HOW DOES MY CHILD GET FROM CLASS TO CLASS?

Please copy your child's schedule, and send it with your child – EACH MORNING – ATTACHED to his lunch box or backpack. We will have aides who will help children find their way between classes, but if your child loses the schedule, the aides will need to look it up in the office, and your child will be late to class. First and second graders will always be walked to class. Other children will be helped the first few days, with assistance tapering off within the first week as they accustom themselves to their schedules. Many older children like to be walked to class the entire run of a session, and this is fine.

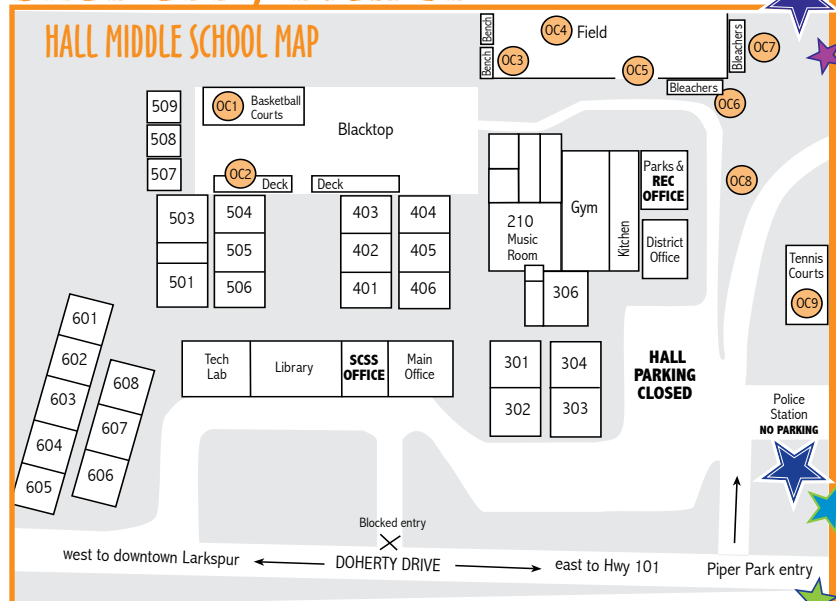

★ CAN MY CHILD JUST LEAVE WHEN CLASS IS OVER?

Anyone fourth grade and older is released from our campus after their last class. First through third graders must have the "Permission to leave Campus" form filled out in order to be released. Without this form, they must wait for an adult to pick them up. *Read PAGE 5 to see what occurs if no adult picks them up.*

★ IS THERE A LOST & FOUND?

YES! All items (clothing and class projects) will be held in the Summer School office until the last day of school at 5 PM.

- Week 2 (June 24-28; 5 days) \$200
- Week 3 (July 1-3 & 5; 4 days) \$160
- Week 4 (July 8-12; 5 days) \$200

DAILY DROP-INS: \$50/day ★ *ORGANIC LUNCH: \$8/day

★ HOW DO I DROP OFF MY CHILD IN THE MORNING?

In order to avoid morning traffic madness, enjoy the wonderful summer weather and WALK or RIDE YOUR BIKES to school. A bike cage and racks are available for locking bikes. No bikes, skateboards, or scooters are to be used on campus at any time.

★ IF I DRIVE, CAN I PARK AT HALL SCHOOL?

NO! There is NO PARKING on campus. The lot is CLOSED until 2 PM to protect children getting to and from campus. You must park off-campus and walk in.

★ HOW DO I PICK UP MY CHILD AT THE END OF THE DAY?

1st – 3rd GRADERS: IF YOU ARE GOING TO PICK UP YOUR CHILD, be at your child's last period classroom door at 1:05 PM. *PLEASE do not peer into your child's class.* It is extremely disruptive. The children see a parent and believe it is the end of class. Focus is lost, and the teachers must stop their lessons early.

IF YOU ARE NOT GOING TO PICK UP YOUR CHILD, you must fill out the applicable form and get it to the SCSS office *at least by the beginning of the first period on that day.* All forms are available online on our website.

- If you want your child to leave on their own (to meet a sibling; walk or bike home or to after-care on their own; meet a buddy at another room, etc.) fill out the PERMISSION TO LEAVE CAMPUS form.
- If your child is going to after-care at Neil Cummins, fill out the WALK MY CHILD TO AFTERCARE form. Your child will be escorted to the Hall Gym to meet the after-care staff and wait for the after-care shuttles.

4th – 8th GRADERS: ALL 4TH – 8TH GRADERS WILL SIMPLY BE RELEASED ON THEIR OWN AFTER THEIR LAST CLASS. If, for the first few days, you want your child walked to the Hall Gym to wait for the after-care shuttles, please fill out the WALK MY CHILD TO AFTERCARE form and get it to our SCSS office before their first day.

CLASS SCHEDULE
 Class starts: 8:45 AM • Class ends: 12:45 PM

KINDERCAMP (entering kindergarten, not T-K)

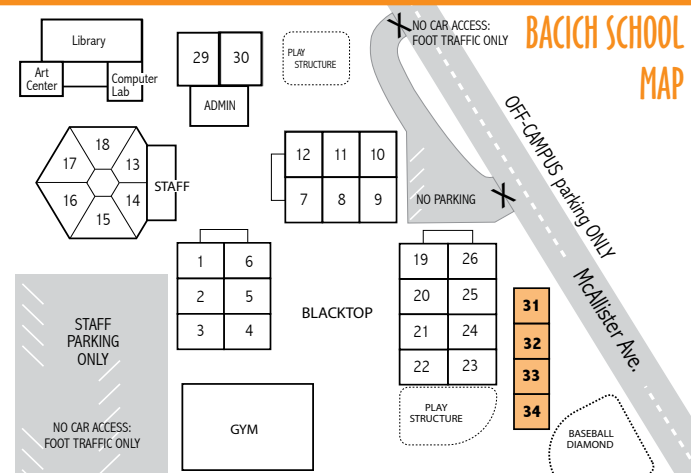

Is your child looking forward to kindergarten in the fall? Put a skip in their step and a song in their heart by enrolling them in KinderCamp. Our dynamic, certified teachers have created a wonderful program that will keep your child moving and grooving their way to fun and friendship. These teachers have extensive experience with young children and are employed in classrooms in Marin during the school year. They will set your child at ease and will show them just how great school can be!

The two sessions are packed full of excitement and especially designed to help your child make a smooth transition to kindergarten. The students will enjoy a lively experience in tactile exploration, arts and crafts, outdoor play, and friendship making. Projects and crafts will be organized around weekly themes of insects, plants, ocean and farm animal explorations. Both sessions will feature a pajama day with pancakes. Session II will offer a special 4th of July parade. There is no repetition between the two sessions, so enroll for session I, II, or both.

NOTES for Kinder Camp:

- There are 3-4 classrooms in this program. If it is important that your child be placed with another child, *give us TWO choices*, and we promise we will try to make one of the choices work if you apply by our preferred registration date.
- Children will need to bring their own lunch; teachers will provide a healthy snack.
- You must park and personally walk your child to and from class. Please allow plenty of time so everyone is relaxed!
- **Late Fee:** If you are late picking up your child a fee will be charged: \$40 for the first 5-20 minutes, plus \$40 for each additional 20 minutes.
- **Register online only:** <https://larkspur.recdesk.com/Community/Program/> > search "Kinder".

CLASSES FOR GRADES 1-8

COOKING & MIXING IT UP

PLEASE schedule your child for only ONE of these classes per session to avoid treat overload and so that everyone gets a chance at this fun!

BAKING - Shauna Ewry

Come make wonderful sweet and savory baked goods! Since this class is a SCSS favorite we have added some NEW ADDITIONS to our cookbook this year. We will be making everything from a classic chocolate chip cookie to working with yeast to make gooey-cheesy garlic bread. You will also learn measurement skills and kitchen lingo, while making mouth-watering treats that everybody will love. You will also be getting your own cookbook with all of our recipes so you can make them at home with your friends and family. Get ready to join us for an adventure in the kitchen! **OLDER KIDS** (grades 4-7) will have more advanced versions of the younger classes' activities. *Mostly the same curriculum every year (and each session), but many kids love to repeat this class yearly.*

NEW! ★ HAIR FUNDamentals

Rachael Nannini ★ NEW TEACHER!

New curriculum! Everyone is required to bring a hairbrush to leave at school. See our **LICE POLICY**, below.

Bows, clips, ribbon, and hair chalk! Kids will spend each week making different hair accessories while they practice hairstyle basics such as simple buns, braids (dutch, french, three - five strands, etc.), and ponytails. Whether you want to become a bug, cat, or robot with antenna/ear headbands, or be a mermaid fairy with hair clips and rainbows – you'll be rocking that updo in no time!

Sessions I & II

Grades 1-2

LICE POLICY: Our teachers will not work with children who have lice or nits in their hair. Students are checked every Monday. Children with lice are sent home to be treated. If a person is using a home remedy (not a proven chemical product), nits must be removed before they may participate in class. Some home remedies do not kill the nits – that is why we have this policy.

JEWELRY WITH NIKKI CONTINI - Nikki Contini

Get your bling on! Learn awesome jewelry making skills in this fun and experimental jewelry class! Students will learn to work with jewelry tools and also use traditional and not-so-typical materials to create their own sophisticated jewelry! The class will be making some of their own beads and will also have a treasure trove of beautiful new and vintage beads to choose from! Using wire, beads, leather, glass and other elements, students will create one-of-a-kind jewelry masterpieces: necklaces, bracelets, earrings, pins, and more... Come away with lots of wearable art to wear and share with family and friends! **OLDER STUDENTS** (grades 4-7) will get an amazing opportunity to make their own fused glass beads as well. This is a great introduction to the craft of glass fusing (kiln-fired glass).

TIE-DYE & MORE - Liesl Buchbinder

Have fun with textile materials! Daily tie-dye time is paired with additional amazing art projects to create a more active art class. The instructor will provide six days of items for the kids to dye. Those who want to do tie-dye every day can bring plain white T-shirts or shorts from home (bringing mom's and dad's T-shirts is a big hit). Remember to only bring in 100% white cotton items.

MORE PROJECTS: Part of each class will include guided artistic free-time projects: macramé surfer (friendship) bracelets, origami, crochet, unique coloring pages, and many more depending on the students' interests.

OLDER KIDS (grades 4-7) take tie-dye to new levels with clamp dyeing, shibori techniques, and painting. Don't worry, we will also play with tie-dye techniques that you know and love.

NOTE: Children will wear smocks, but be aware that their clothes (especially shoes) may get stained. Skin stains are temporary and to be expected.

NEW! ★ LET'S PUT ON A SHOW

Joe Schmitz ★ NEW TEACHER!

A class for aspiring actors, storytellers, and craftspeople. We'll have fun with improv and theater games, but dive deeper into character and story development. As we learn to trust our creativity and work as an ensemble, we'll find characters and stories that we care about. Then we'll figure out how our characters behave, what they say, and what they do as part of a good story. For those who are interested, we'll also make costumes and props. Finally, we'll share our stories as a showcase on the last day. This class is for students of all experience levels.

NEW! ★ SHAKESPEARE IS FOR US!

Joe Schmitz ★ NEW TEACHER!

Shakespeare doesn't belong in a museum: It belongs anywhere that people can enjoy a story with exciting plots, some comedy, and maybe an occasional swordfight. This introduction to Shakespeare will show us how his work is fun to do and fun to watch. We'll discover the rhythm of his words, re-create his characters, and act out bits from his plays. Along the way, we'll improve our ability to connect with other actors, become aware of how our bodies express emotion, and practice being flexible in new situations. Depending on individual interests, everyone in class will have an opportunity to act onstage, work backstage, or help develop costumes and props for a final showcase on the last day. This class has a place for everyone who wants to have fun.

This class will also help students connect with others better. Theater games teach lessons in how to identify emotions, accept other people's ideas, make better eye contact, and learn how to become calm when we're excited or stressed.

GAMES, MAGIC & INDOOR FUN

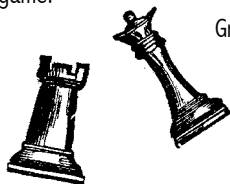

NEW! ★ BUGHOUSE CHESS + SPEED CHESS

Dan Trimbach

The other chess class — knowing how to play chess is a prerequisite. Kids begged for this class, so here you go! BUGHOUSE CHESS is a popular and fun variation of chess that is played on two chess boards with teams of two players. Regular chess rules apply, however if a piece is captured on one board it will be given to the players of the other board. These new pieces can be placed on their board instead of making a normal move. This is a great class that teaches communication, teamwork, planning and creative thinking. NEW! SPEED CHESS is a fun game played with a clock. The clock allows each player to play the entire game in less than five minutes. So get ready — no time to waste because you must think fast under time pressure, which adds a new fun element of excitement to the game.

CHECKMATE CHESS FOR KIDS

Dan Trimbach

Chess for kids is fun! Learn how to move the pieces and the basics of chess strategy. The Summer School staff and a lot of parents were DUMBFOUNDED when every child who was put in this class ended up LOVING chess! If your child has never played chess before he/she will leave the class knowing how to play and develop basic strategy and how to formulate a plan to win the game. If your child has played before he/she will learn basic/intermediate strategy, how to develop a system to determine what should be done next, come up with a plan, go over opening- and end-game theory. Chess develops critical-thinking skills, problem-solving skills and promotes healthy competition.

Class consists of 15 minutes of instruction and 40 minutes of supervised play. All ages are welcome, because the children are grouped by their ability and then coached accordingly.

CHECKMATE CHESS FOR KIDS - INTERMEDIATE

Dan Trimbach

This is a chess class for experienced chess players with at least TWO YEARS of continuing chess class instruction. We will not cover the basic rules of chess or how the pieces move. We will cover several themes and motifs and patterns that come up in chess like the Greek gift, Lasker's double bishop sacrifice, Philidor's position (1777) and Lucena's position (1497). Class instruction will cover going over grandmaster games from Bobby Fischer to Gary Kasparov. There are valuable lessons that we can learn from the great chess players.

Class generally consists of 20 minutes of demonstrations and 35 minutes of supervised play. If your child wants to have fun and take their chess understanding to the next level, this is a great class.

GAMES with GAMES OF BERKELEY

Monsy Maximina Estrada

Games of Berkeley (a store in Berkeley) introduces your kids to amazing board, card and dice games. Games can be fun, hilarious, loud and addictive. They are also dynamic and engaging ways to learn strategy, problem solving and social interaction. Test adaptability with the ever-changing *Fluxx* card game. *Zombie Dice* answers the age-old question: "Who's the greatest zombie of all?" Take over the fictional land of *Small World*, a tongue-in-cheek fantasy game. Kids will learn at least seven new games during the class and will have a chance to purchase favorites to take home and share with the whole family. The company "Blue Orange" will also be coming for a day!

YOUNGER KIDS (grades 1-3): Beat the heat! Get kids away from video and computer games. They love the classics like *Mousetrap* and *Candy Land*, games that fuel the imagination (*Labyrinth*, *Enchanted Forest*) or make you laugh like *Battle Sheep* or *Spot It* and so many more.

MAGIKIDS: MAGIC

Paula Ramsey

Quality magic is not that difficult to learn. Ask any magician and they will tell you that often the simplest effects are the ones that are the most amazing and memorable. Your child will explore the wonderful world of magic's evolution in this educational and entertaining class. In addition to basic lessons in performance and sleight of hand, they will discover the history of the ancient art of magic and learn about the world's most famous (and infamous) magicians. They will learn simple, short, step-by-step, clear instructions that will allow them to perform incredible feats of magic quickly and easily. Magic is a great confidence-builder and icebreaker for little performers. It can provide a lifetime of pleasure for your child and those around them. MATH GAMES - Kathleen Clancy

First rule in this class is, NO TESTS! Math games are an excellent way to make time fly while learning important math concepts. We will play a

variety of games leveled to age groups with loads of great prizes! Some of the games are played by individuals, and others with teams. We will be playing team "KAHOOT" to learn math facts. Real World Math game teaches how to make a budget and stick to it. Jeopardy is another exciting way to compete and learn at the same time. Your child will learn without even realizing it! Estimating will become second nature when taking a trip to the store, and trying to stay within your budget, and the importance of saving for the future. This course

builds healthy competition, stress free, for all age groups while learning necessary math skills. This class will help your child throughout the new school year.

MATH IS EVERYWHERE! - Kathleen Clancy

Math is the same language in every country in the world, and we will speak it fluently in this exciting class. NO TESTS! No paper and pencils! We will exercise our brains with Mental Math. We will use several ways to help the students to remember those pesky facts, like Making Math Real and Touch Math. These are fun and simple ways to remember Math Facts. Feeling comfortable about knowing how to access these important things will make for a successful school year. It doesn't matter what age they are, your child will come away from this class with an energized attitude about numbers and money.

It's a fun and inexpensive way to spend time with family and friends. Would you like to learn some of the coolest sandcasting secrets around? We can teach you: the secret to rock-hard sand sculptures using only sand and water; how to build walls that will withstand an assault from the sea; how to build turrets, spires, ogres, and dragons; which type of sand is good for building different types of projects; and what you'll need to get started. We'll provide everything you need in this fantastically fun, social, and creative pastime. You'll be amazed at what you and your friends can create. You'll be able to take these skills with you anywhere you go!

CHEERLEADING - Sara Solomon ★ NEW TEACHER!

The focus on this class is FUN as well as confidence building, team bonding and physical exercise. This class will introduce your child to the basics of cheerleading; cheers, chants, dancing, stunts and tumbling! Sara Solomon, one of Redwood High School's Cheer coaches, will encourage your child to be their absolute best! The RHS cheerleaders are nationally ranked and provide Redwood High with a ton of spirit. The program prides itself with integrity and a positive image. Get ready to move, be loud, and have fun! **OLDER KIDS** (grades 4-7) will learn "performance cheers" and more refined cheerleading skills and moves. Feel free to take this class more than once!

SPORTS & OUTDOOR FUN, continued...

DOUBLE DUTCH & ROPE TRICKS

Bella Alvarado

Jumping rope gets respect — even Stanford University has a Double Dutch Team! Find out just how much you can do with a simple rope! Learn intricate tricks that will impress and wow your friends, both with single ropes and in Double Dutch. Our instructors are past students that mastered the tricks. All skill levels welcome, but a starting ability of knowing how to jump forwards and backwards is necessary.

FLAG FOOTBALL

TBA

Great for boys and girls, this class will teach children basic football skills without the dangers of full contact football, along with the importance of working together as a team and overall sportsmanship. All skill levels are welcome, the only requirement being you come prepared to have fun and ready to play in a group setting.

GOLF WITH TGA

TGA Premier Jr. Golf staff

Now in our 11th year with SCSS, TGA brings the game of golf to children with a fun, easy-to-retain curriculum. Thousands of kids nationwide learn and grow with TGA and the game of golf. Our goal is to introduce, educate, and excite children to develop life skills and play golf for a lifetime! We understand children develop at different rates and stages, so our staff recognizes individual achievement and rewards positive attitudes!

At SCSS, TGA turns the Hall School Field into a full-service driving range:

- Session begins with putting and chipping and G.A.S.P.
- Daily activities rotate between putting, chipping, full swing, golf education, rules & etiquette stations.
- Classes end each day with either a skills challenge or friendly game.
- The first week everyone progresses towards understanding all swing types.
- The second week focuses on course etiquette, rules, and applications where kids play a "mock course" set up on the Hall field.
- Daily games encourage teamwork, friendly competition, and sportsmanship.
- Individual attention is given and personal achievement rewarded.

All equipment is provided for any size or dexterity.

KUNG FU - Terrance Thornton

Kung Fu is not just for kicks. Besides learning a new art and getting physically fit, our exciting kids program teaches respect, discipline and focus, all while instilling confidence through Kung Fu. Our kids learn the value of teamwork while doing fun drills and relays as well as leadership by accomplishing goals. They will learn some of the fun animal techniques, our crowd safety program, "Stranger Danger Awareness" and many other drills. Kung Fu has become one of the best after-school programs as it gives kids the confidence of protecting themselves while promoting non-violence.

LEARN SWORDPLAY

Whitney Brizendine

Learn friendly and competitive swordfighting. We will start with duels and advance to full field battlegames that will include objectives and special rules. We will practice focus and discipline in learning moves reminiscent of fencing such as blocks, strikes, and stances. Participants can choose a name and character that represents them or they can just enjoy learning the battle techniques and strategies. The class is based on Belegarth, an international sport that prioritizes safety, playability, and role-playing. Like traditional sport teams, Belegarth groups can have themes and symbols. The swords and shields are all handcrafted by Gorgtech and are constructed with soft, light, and durable foam. **OLDER KIDS** will work on advanced techniques and game-play. **SAFETY REQUIREMENTS:** All players must have decent impulse control, a good attitude, and the ability to stop when commanded to do so. Kids are encouraged to bring and wear protective gloves such as bike or lacrosse - mainly to protect from blisters but sometimes strikes.

★ WHITNEY BRIZENDINE is a game designer. He is an enthusiastic Belegarth participant and is excited to bring his passion to local youth.

SOCCER: Big & Lil' Kickers - Dave Fromer staff

LIL' KICKERS (grades 1-3): This class provides a fun-filled emphasis on the fundamentals of soccer. Children will participate in skill-building exercises and scrimmages. Every Friday there will be a festive "World Cup" for all to enjoy. In second session on hot days the kids will play indoors!

BIG KICKERS (grades 3-7): This class is offered to beginners and intermediate players who would like to continue to learn new skills in the game of soccer. Classes will focus on skill development, i.e. dribbling, passing, shooting, defense, goalkeeping, and tactical understanding. Scrimmages will be held the last 20 minutes of each class.

★ DAVE FROMER soccer coaches are talented, experienced, and inspiring. They have been providing quality programs in the Bay Area since 1974. More than 60,000 youth have enthusiastically participated in a variety of our year-round programs. ★ Website: www.davefromersoccer.com

TENNIS BY LGT

Leo Giraldi Tennis staff

Tennis classes for the summer camps will be run by Leo Giraldi Tennis and are based in part on the USTA's QuickStart Tennis format, with adaptations for youngsters ready to move on to the next level. Each day students will be taught basic stroke technique (forehand, backhand, volley, serve, overheads) and tennis fundamentals through age-appropriate exercises and exciting games. The size of the court, net, exercises, drills and intensity are based on age, size and ability. We will use different types of balls to facilitate rapid development of hand-eye coordination, motor skills and basic strokes to get your child up and playing tennis quickly. This is a great way for each player to explore the game, meet new friends and develop at a fast pace. Rackets will gladly be provided as needed. ★ Website: www.LeoTennis.com

Canine Commons Dog Park

Larkspur Canine Commons, located in Piper Park, is the regular playground for local dogs and their owners. This special area allows dogs and dog owners to have an opportunity to enjoy the company and interests of other people and their pets. To utilize the Canine Commons, dogs must display a current license, never be left unattended, and females must not be "in heat." It is also recommended dogs be spayed or neutered. Please remember to abide by the City's leash law and pick up after your pet. • **The Canine Commons is on the move!** For additional information, please check our website at <http://www.ci.larkspur.ca.us/591/Dog-Park>.

Larkspur Recreation • COMMUNITY CAMPS FOR KIDS

Seek Adventure at COYOTE CAMP!

Calling all nature ninjas, wolf girls, wilderness warriors, and bird nerds. Get ready to get down and dirty by joining us, turning over rocks and logs, honing your survival skills and hiding from predators. Out in the park running around, you'll play nature games like "Camouflage" and "Circle Sneak." We will become wild animals, adapting in nature to survive. Each student will get a tribe bandana and go on an all-camp team challenge. Here are our weekly themes:

- **Scout the Wild** (Week 1 at Town Park, Corte Madera): Campers will discover what makes a home for animals and plants, make a shelter, dissect an owl pellet.
- **Wilderness Survival** (Week 2 at Town Park in Corte Madera): Campers will build a shelter, learn about edible plants, and find north on a compass.
- **Bug Bonanza** (Week 3 at Piper Park in Larkspur): Campers will go on a bug hunt, study up close and personal with bugs, and understand the importance of powerful pollinators.
- **Claws, Feathers, Fins and Eyes** (Week 4 at Piper Park in Larkspur): Campers will be transformed into wild animals and experience the world with raccoon paws, eyes of an insect, and the nose of a wolf.
